The first number of the magazine, Buruh Kesehatan, a publication of the Sarekat Buruh Kesehatan (Union of Hospital Workers), is available in the CIA Library on request.

In this magazine, the union has taken a stand against joining the World Federation of Trade Unions (WFTU). The Sarekat Buruh Kesehatan seems to favor the segment of the Indonesian labor movement headed by Dr. Buntaran. A statement on the aims of the union, written by Dr. Buntaran, appears on page 3.
